PREZ NOTES

Happy Holidays to everyone! Our club has had a successful year and are heading into the next with a good base of events planned, some new board members and with renewed enthusiasm!

Early in 2010 we have our annual health clinic scheduled; Jennifer is working on the details so plan to participate with your dogs as well as volunteering your efforts. The puppy match is scheduled in May and we need to think about a judge for the specialty. Since I was able to expand our club territory earlier this year, our specialty location now is within the boundaries of the territory so we will have less requirements to meet for AKC compliance but we still could use some educational speakers at meetings so if anyone has any requests then please contact the new officers.

I have enjoyed the presidency for the past 2 yrs and it seems that we are getting better each year with our specialty planning. That is our big event that brings everyone to participate in some way and is what keeps the club active. We had many nice comments this year from exhibitors and some lovely thank you notes from our judges so many thanks to Dennis for keeping everything on track. The club is in good hands with the new slate of officers so let's all volunteer our efforts to make their jobs easier. Thanks to the other officers and members who helped with my term as president.

Recall -- Firm Press Release

FDA posts press releases and other notices of recalls and market withdrawals from the firms involved as a service to consumers, the media, and other interested parties. FDA does not endorse either the product or the company.

Pet Carousel Conducts Nationwide Recall of Beef Hoof Products and Pig Ears Because of Salmonella Risk Company Contact:

Pet Carousel, Inc
800-231-3572

FOR IMMEDIATE RELEASE – December 9, 2009 – Sanger, CA-- Pet Carousel has initiated a recall of all Pig Ears and all varieties of Beef Hoof pet treats because the products may be contaminated with Salmonella. The problem was discovered after FDA testing found positive results for Salmonella in pig ears and beef hoof products.

These products were recalled because they have the potential to be contaminated with *Salmonella*. *Salmonella* can affect both humans and animals. People handling dry pet food and/or pet treats can become infected with *Salmonella*, especially if they have not thoroughly washed their hands after having contact with the treats or any surfaces exposed to these products. Healthy people infected with *Salmonella* may experience some or all of the following symptoms: nausea, vomiting, diarrhea or bloody diarrhea, abdominal cramping and fever. Although rare, Salmonella can result in more serious ailments including arterial infections, endocarditis (inflammation of the lining of the heart), arthritis, muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their health care provider immediately.

Pets with *Salmonella* infections may become lethargic and have diarrhea or bloody diarrhea, fever and vomiting. Some pets may only experience a decreased appetite, fever and abdominal pain. Infected, but otherwise healthy pets can be carriers and infect other animals or humans. If your pet has consumed any of the affected products or is experiencing any of these symptoms, contact your veterinarian immediately.

The following products have been recalled: The affected pig ear products were packaged under the brand names Doggie Delight, Pork Tasteez and Pet Carousel

Pet Carousel has completed notifying its consignees and requested the consignees return affected products and remove them from retail sales.
