The three club events are defined as the health clinic in March, the puppy match in May and the specialty in October. There are many jobs to be completed before, during and after each of these events. For example, a person could be show secretary for the match and help coordinate people at the health clinic or make food for the specialty hospitality and organize and be in charge of food for the puppy match.

# 2011 COLRC Specialty

## Susan Moseley

I will always remember the 2011 Specialty Show. Was it the fact that this was my first opportunity to Chair this show? Maybe the wonderful entry that gave us 4 point majors for Saturday and Sunday? Probably not the icy grass that started each morning's classes since I think we've seen that before. Maybe it was the sun and not too warm temperatures that we enjoyed both days. But definitely the feeling of panic when the judge's started dropping like flies will snag in my memory. Many thanks to Linda Bednarski for foregoing showing her Dog in Breed and assuming the judging responsibilities for the Saturday Bitch classes as well as Breed. And also a huge thanks to Sally Bell for showing by example what to do, where to go, and to think of who might be available and qualified to judge not only the Saturday assignment but also the Sunday assignment when the Judge couldn't make it from Massachusetts!

I would also like to thank each and every person who donated their time, energy and support to make it all work. The raffle was as good or better than ever, the food even received a 5 star review on the forum! Thank you everyone.

And now, the Winners were:

### Saturday

# CREATIVE HEELING FOR THE COMPETITION DOG

**Presented by Jan Mayr**

**Sunday, January 22, 2012**

**9:00 p.m. – 2:00 p.m.**

**Medina Swarm Building**

251 Pine Street • Wadsworth, Ohio

Creative Heeling for the Competition Dog is geared for the obedience, rally and/or freestyle competitor. Jan takes what many view as the boring exercise of heeling and makes it fun for both the dog and handler. Her workshop is a mixture of traditional heeling, rally and freestyle exercises done with a "twist"! She will help you find your perfect rhythm so you will flow together as a team. Your dog will learn to love heeling and so will you! Jan will cover problem-solving exercises for lagging, inattention, forging and more...

---

## About Jan:

Jan Mayr and her Border Collies are some of the busiest teams in the dog world today. Jan successfully competes in numerous dog sports with her own dogs, but has also handled other's dogs as well. She shares her expertise by instructing classes (both group and private), by giving workshops/seminars and sharing her dogs with the community by doing demos and appearances at schools, community events, expos and more... Jan's dogs compete in agility, canine musical freestyle, obedience, rally and herding.

Jan has been involved in competition obedience in the capacities of competition and instruction for 22 years. She also has 15 years of experience in canine musical freestyle and 7 years in agility. Her award winning Border Collies are well-renowned for their happy attitudes and willingness to please in any venue. Jan has owned, bred, trained and exhibited Border Collies for 24 years.

---

Dogs need to have a basic understanding of heeling... This is not for the untrained dog, although principles can be applied as the dog learns. It is geared for the competition dog who is just about ready or is already competing in obedience, rally, etc...
