PREZ NOTES

"Properly trained, a man can be dog's best friend." -Corey Ford

This quote seemed to stand out on my list this week...mentioning training and all. It seemed apropos since I am wading my way through ninety research papers written by freshmen who have apparently never been "trained" to spell correctly or use complete sentences!! Prez notes will be short this month (well, short for me anyway) because I am buried in grading to finish out this year!

Our meeting with the speaker on Monday was well attended by both clubs and we learned some interesting information from Dr. Pinto. I hope that we will be able to coordinate some other speakers with the Cavalier folks. We also still plan to have a dog event in early June. Details will follow, but the plan is to have some informal field practice with the dogs. Bring your dog(s) and let them have a go at it.....the dogs always have a great time. If that is well attended, we may schedule some other dog related events over the course of the summer.

Otherwise, the match went well; the rain even held off during it. Thanks to Susan for organizing it and all the others who helped and participated. Things are falling into place for the specialty.....that scene won't get crazy again until September. I will be putting together the trophy list to submit to Delaware soon.

Hope to see you in June!!

~Jennifer

All breeders are encouraged to have hips and eyes certified on all breeding stock and to provide this information in litter listings. COLRC Unleashed! does not represent any litter listing as meeting any type of breeder's code or standard. Ask the breeder when inquiring about dogs listed.

2010 Puppy Match

The 2010 Puppy Match (May 2) was a success even with the threat of rain! Even with the rain event for the previous 3 days the ground wasn't soggy and the sky wasn't either. A special Thanks to everyone who helped: Steve Lavelle, Chris Bell, Christine Nickerson, John Bentine, Linda Bednarski, Chris Kofron, Lori Archer, and anyone who came to just have fun regardless of the weather.
