**Greetings to our
followers, donors,
adopters, supporters
and those that just
love Labradors.**

A situation in western Pennsylvania has developed and Lake Erie Labrador Retriever Rescue, Inc. has been asked to rescue 10 Labradors that are now homeless. The details don't matter, just that that dogs need LELRR and YOU.

This will be the largest single rescue Lake Erie Labrador Retriever Rescue, Inc. has ever done at one time and it can only be successful with YOUR help. We have lined up a convoy of transporters to move the dogs, and we have spaces for all of them back here in Ohio.

These wonderful Labradors, chocolates, yellows and blacks, are in fair to poor condition. About half are malnourished, at least one has a leg injury, and only some have been altered. We don't know what else they will need until we pick them up on Saturday 2/27.

Please, if you can, donate. If you can't donate, then share this information with your friends and family.

We humbly thank you in advance for helping these wonderful dogs leave their old life behind to begin a new life, starting with LELRR! We will post our journey and as much of the dogs as we can as time permits.
