PREZNOTES:

“Let Hercules himself do what he may, The cat will mew, and dog will have his day.”

Hamlet in Hamlet, Act V, scene i

So, guess what we're doing in CP English 12 right now? Everyone has heard the quote that every dog will have his day and turns out Shakespeare said it first.

It's that time of the year: so much rain I think the dogs are starting to mold; so much mud I'm about ready to surrender on the cleaning issue; so much school work I sometimes feel buried under a pile of essays; so much dog hair rolling through the kennel I wish I could come up with a profitable enterprise for it; so many restless students ready to be out of school....I could go on but I think you get the idea. Hopefully, we will see some serious sunshine soon and it won't be long before we're all complaining about the heat and humidity.

The puppy match is coming up quickly and once again, we are sharing our site and picnic with the Cavalier club. Come out and show your puppy or come out and get a good laugh out of everyone else's puppies making fools of them. Please bring a side dish to share, and the club will provide hot dogs, buns and condiments. Also, if you have some Labrador/dog items lying around the house that you are tired of or just want to get rid of, put a price on them and bring them to the White Elephant Sale. Thanks to all who have

volunteered to take on the jobs for the match.

I don't want to think about the specialty, mostly because when it rolls around I will have been back in school for two and a half months, but Steve and Susan have been working hard behind the scenes to get everything ready for that and I think we have finally jumped through all the hoops for AKC approval.

So, on this, my one day spring break, with the temperature at 46 degrees and rain since I got up, I guess I'll get to grading some research papers!! Happy Spring. See you at the match.

NEW POLICY EFFECTIVE FOR THE JUNE NEWSLETTER

Those club members who wish to utilize the Litter Listing Column of the newsletter and website will be required to pay \$50 per litter listing unless they have worked at two of our three club events during the course of the year.

The three club events are defined as the health clinic in March, the puppy match in May and the specialty in October. There are many jobs to be completed before, during and after each of these events. For example, a person could be show secretary for the match and help coordinate people at the health clinic or make food for the specialty hospitality and organize and be in charge of food for the puppy match.

Those are just a couple examples but there are many opportunities of diverse type. We have, like many clubs, found ourselves in a situation where many members do not take an active role in the club and it is getting very difficult to manage the few events we do have with so few participating. We tossed around many ideas but this is one that many other clubs use.

PUPS Bill Back In Congress

The PROTECTION OF PUPPIES UNDER THE ANIMAL WELFARE ACT, House Bill 835, also known as the PUPS bill has been reintroduced in congress. The purpose of this bill is To amend the Animal Welfare Act to provide further protection for puppies.

This is an important bill to watch as it will affect many of us.

Some highlights of the bill:

- * Definition of "breeding female" as an intact female dog aged 4 months or older.

- * Definition of "high volume retail breeder" as someone with "an ownership interest in or custody of one or more breeding female dogs and sells or offers for sale, via any means of conveyance (including the Internet, telephone, or newspaper), more than 50 of the offspring of such breeding female dogs for use as pets in any 1-year period."

- * "IN GENERAL- For purposes of this Act, a high volume retail breeder shall be considered to be a dealer and subject to all provisions of this Act applicable to a dealer."

Senator Richard Durbin of Illinois has introduced a Senate version of the bill, S.707, which contains the same language as the 2010 version of the bill and current House legislation (H.R. 835). Each of the bills has been assigned to the Agriculture committees of their respective chambers.
