Specialty Update

All is going smoothly for the upcoming specialty, AKC approval is final, premium list is proofed and ready for publication.

Delaware Kennel Club has been good to work with and has the judges hotel, hospitality and transportation in order.

I may need a volunteer to transport judges to and from the airport, no details on flight times yet but there is time to sort that out.

The September meeting will be important to work out some details regarding some volunteer positions for the specialty and donations toward hospitality and the raffle.

Please remember to bring any raffle items and try to attend the September meeting so we can support our club's efforts to make this a special event.

See you in September!

Linda

Ohio State Budget Effective 9/29/15

There is one item in the state budget that affects dog owners. It requires that all police officers receive training in handling calls involving companion animals, described elsewhere in law as all dogs and cats and other animals (except wild animals and livestock) kept in residential dwellings. The training includes understanding animal behavior, knowing current animal law, and using non-lethal methods of control.

109.747 [Effective 9/29/2015] Rules governing training of peace officers on companion animal encounters and companion animal behavior.

The attorney general shall adopt, in accordance with Chapter 119. of the Revised Code or pursuant to section 109.74 of the Revised Code, rules governing the training of peace officers on companion animal encounters and companion animal behavior. The provisions of the rules shall include all of the following:

- (A) A specified amount of training that is necessary for satisfactory completion of basic training programs at approved peace officer training schools, other than the Ohio peace officer training academy;
- (B) The time within which a peace officer is required to receive that training, if the peace officer is appointed as a peace officer before receiving that training;
- (C) A requirement that the training include training in all of the following:
 - (1) Handling companion animal-related calls or unplanned encounters with companion animals, with an emphasis on canine-related incidents and the use of nonlethal methods and tools in handling an encounter with a canine;
 - (2) Identifying and understanding companion animal behavior;
 - (3) State laws and municipal ordinances related to companion animals;
 - (4) Avoiding a companion animal attack;
 - (5) Using nonlethal methods to defend against a companion animal attack.
- (D) As used in this section, "companion animal" has the same meaning as in section 959.131 of the Revised Code.

Added by 131st General Assembly File No. TBD, HB 64, §101.01, eff. 9/29/2015.
