3. PET DENTAL HEALTH QUIZ
4. COMING EVENTS
5. HEALTH CLINIC REPORT
6. GENERAL INFORMATION
7. PUPPY MATCH FLYER

PREZ NOTES

"I am convinced that basically dogs think humans are nuts." -John Steinbeck

You know, he is probably right. I know my puppies thought that last night as I dragged them around the yard, trying to do some lead training! I kind of got that impression at the health clinic on Sunday as well, as folks dragged dogs in and out for various exams.

First and foremost, I want to extend a huge thanks to everyone who helped with the health fair, either by coming to work or by bringing dogs for the clinic or both. It was our biggest year ever. We inherited extra dogs from several other clinics that fell victim to inclement weather and I sent out more fliers and earlier this year and for the first time, I called or emailed and reminded most of the people with appointments.

I could not pull this off without the industrious help that I have. Primary thanks have to go to Rich Boucher and Dr. Williams for allowing us to invade their place and take it over for the day. It is the ideal facility for our needs and I appreciate having it to use. I had my usual staff of Scott Davis (professional eye dropper and parking czar), Dennis, Jan of all trades Eichensehr and her niece Bridget, Linda Bednarski (champion phlebotomist and go to person for MANY questions), Chris Kofron (co-champion phlebotomist), Steve Hrinko, Cindy Gerhan, Lori Archer, Steve Lavelle and our outstanding secretary Anna Hrinko.

Dr. Schober did 66 heart exams. Dr. Gemensky-Metzler did 197 eye exams. The club netted a total profit of \$1522 this year, which exceeds any previous total. Due to the large volume of people and the time change (next year I must remind people to change their clocks!!!) we ran into some jam ups and we have already discussed some improvements and changes for

next year to prevent problems should we ever have that many again.

So, first big event of the year over and done with; on to the next one, the puppy match in May. Susan has things under control, as long as she can order up sunny and 65! As for the specialty, we are awaiting approval from the AKC after the submission of enough paper work to kill a tree. We still have several classes to fill for trophy sponsors, so if you are interested in sponsoring a class or two, call or email me and I will get you on the list. It is a bargain again this year at \$20 per class, due to Sally's all year long shopping mission to find bargains.

At the April meeting we will be setting some meeting locations and speakers/activities, so if you have any input, please attend. If you have not yet sent in your dues, please get that done as we are three months into the new year.

See you at the meeting.

Jennifer

At this time, COLRC Unleashed! Does not require listing of CERF or OFA information for Litter Box Listings. All breeders are encouraged to have hips and eyes certified on all breeding stock and to provide this information in litter listings. COLRC Unleashed! does not represent any litter listing as meeting any type of breeder's code or standard. Ask the breeder when inquiring about dogs listed.

Pet Dental Health Quiz

Drs. Foster & Smith Educational Staff

Pet Dental Health Quiz

The following statements regarding the mouth and teeth of dogs and cats may be true, or we may be mouthing utter nonsense. Take this true or false quiz to determine your 'oral' knowledge. Good luck.

1. The hard smooth covering on a tooth is called the "enamel."
2. Cats have fewer permanent adult teeth than ferrets.
3. Puppies have 14 fewer teeth than adults.
4. Another name for baby teeth is "deciduous teeth."
5. The lower jaw is called the "mandible."
6. The upper jaw is called the "maxilla."
7. The large fang in a cat is called the "canine" tooth.
8. Abnormal tooth alignment is called "malocclusion."
9. Some teeth of a dog have 3 roots.
10. The hair-like structures on the tongue of a cat are called "papillae."
11. The condition in which the lower jaw protrudes out past the upper jaw is called "prognathism."
12. Stomatitis is an inflammation of the soft tissues of the mouth.
